Sir:

In regard to the above-referenced application, the Applicants submit the following preliminary amendments and remarks to be respectively entered and considered prior to examination.

IN THE SPECIFICATION

Please substitute the following clean-text paragraph for the paragraph on page 1, lines 6-8:

The present application is a division of U.S. patent application serial no. 09/637,748, filed on August 11, 2000, which claimed the benefit of co-pending U.S. provisional patent application, issued serial number 60/149,062, and filed August 16, 1999, which is hereby incorporated by reference in its entirety.

IN THE CLAIMS

Please cancel claims 4-46 and 51, without prejudice or disclaimer.

REMARKS

In the parent U.S. patent application (Serial No. 09/637,748), an Office Action was mailed on June 15, 2001, issuing a restriction. Specifically, Applicant was asked to elect between claims 52-58 (Claim Group I) and claims 1-51 (Claim Group II). In that application, Applicant elected to continue prosecution on claims 4-46 and 51, canceling claims 1-4, 47-50 and 52-58. In this divisional application, Applicant continues the prosecution on claims 1-4, 47-50, and 52-58, canceling claims 1-46 and 51 (above).

Applicant respectfully submit that claims 1-4, 47-50 and 52-58 are in proper condition for allowance, and respectfully request that the Examiner pass this case to issuance. If, in the opinion of the Examiner, a telephonic conference would expedite the examination of this matter, the Examiner is invited to call the undersigned attorney at (770) 933-9500.

A check in the amount of \$908.00 for the filing fee has been enclosed herewith. No additional fee is believed to be due in connection with this Preliminary Amendment. Any deficiency or additional fees that may be required are hereby authorized to be charged to our Deposit Account No. 20-0778.

Respectfully submitted,

THOMAS, KAYDEN, HORSTEMEYER & RISLEY, L.L.P.
